MCLEAN, Va., Aug. 04, 2020 (GLOBE NEWSWIRE) -- [Freddie Mac](#) (OTCQB: FMCC) announced today that it has closed its \$835 million STACR REMIC 2020-HQA3 offering. For the second time since March, Freddie Mac addressed strong investor interest in the offering by upsizing the bonds. The company also upsized and closed the related ACIS 2020-HQA3 insurance policy.

STACR® (Structured Agency Credit Risk) and ACIS® (Agency Credit Insurance Structure) make up Freddie Mac's flagship Credit Risk Transfer (CRT) program.

"The CRT market's quick recovery demonstrates its resilience and appeal to investors," said Freddie Mac's Mike Reynolds, Vice President, Single-Family CRT. "Once again, strong interest in our offerings led us to upsize both the STACR notes and the ACIS policy."
