

Freddie Mac Sells \$188 Million in Non-Performing Loans

October 1, 2024

Awards SPO Pool to One Winner

MCLEAN, Va., Oct. 01, 2024 (GLOBE NEWSWIRE) -- Freddie Mac (OTCQB: FMCC) today announced it sold via auction 982 deeply delinquent non-performing residential first lien loans (NPLs) from its mortgage-related investments portfolio. The loans, with a balance of approximately \$188 million, are currently serviced by Select Portfolio Servicing Inc., NewRez LLC, d/b/a Shellpoint Mortgage Servicing and Nationstar Mortgage LLC, d/b/a Rushmore Servicing. The transaction is expected to settle in November 2024. The sale is part of Freddie Mac's Standard Pool Offerings (SPO®). Freddie Mac, through its advisors, began marketing the transaction on September 3, 2024, to potential bidders, including non-profits and Minority, Women, Disabled, LGBTQ+, Veteran or Service-Disabled Veteran-Owned Businesses (MWDOBs), neighborhood advocacy organizations and private investors active in the NPL market. Bids for the upcoming Extended Timeline Pool Offerings (EXPO®), which are smaller sized pools of loans, are due from qualified bidders by October 10, 2024.

The loans in the SPO® offering were offered as one pool of mortgage loans. The pool consists of mortgage loans secured by geographically diverse properties.

Given the delinquency status of the loans, the borrowers have likely been evaluated previously for loss mitigation, including modification or other alternatives to foreclosure, or are in foreclosure. Mortgages that were previously modified and subsequently became delinquent comprise approximately 57 percent of the aggregate pool balance. Additionally, purchasers are required to honor the terms of existing loss mitigation agreements and solicit distressed borrowers for additional assistance except in limited cases and ensure all pending loss mitigation actions are completed.
