

Freddie Mac Sells \$261 Million in Non-Performing Loans

April 1, 2025

Awards 3 SPO Pools to Two Winners

MCLEAN, Va., April 01, 2025 (GLOBE NEWSWIRE) -- Freddie Mac (OTCQB: FMCC) today announced it sold via auction 1,458 deeply delinquent non-performing residential first lien loans (NPLs) from its mortgage-related investments portfolio. The loans, with a balance of approximately \$261 million, are currently serviced by Select Portfolio Servicing Inc., NewRez LLC, d/b/a Shellpoint Mortgage Servicing and Nationstar Mortgage LLC, d/b/a Rushmore Servicing. The transaction is expected to settle in May 2025. The sale is part of Freddie Mac's Standard Pool Offerings (SPO[®]). Freddie Mac, through its advisors, began marketing the transaction on March 6, 2025, to potential bidders active in the NPL market. Bids for the upcoming Extended Timeline Pool Offering (EXPO[®]), which is a smaller sized pool of loans, are due from qualified bidders by April 10, 2025.

The loans in the SPO[®] offerings were offered as three pools of mortgage loans. The pools consist of mortgage loans secured by geographically diverse properties.

Given the delinquency status of the loans, the borrowers have likely been evaluated previously for loss mitigation, including modification or other alternatives to foreclosure, or are in foreclosure. Mortgages that were previously modified and subsequently became delinquent comprise approximately 54 percent of the aggregate pool balance. Additionally, purchasers are required to honor the terms of existing loss mitigation agreements and solicit distressed borrowers for additional assistance except in limited cases and ensure all pending loss mitigation actions are completed.
