# Mortgage Rates Creep Lower

June 18, 2025

MCLEAN, Va., June 18, 2025 (GLOBE NEWSWIRE) -- Freddie Mac (OTCQB: FMCC) today released the results of its Primary Mortgage Market Survey® (PMMS®), showing the 30-year fixed-rate mortgage (FRM) averaged 6.81%.

“Mortgage rates moved lower, with the average 30-year fixed rate reaching a four-week low,” said Sam Khater, Freddie Mac’s Chief Economist. “More available inventory to choose from, coupled with this week’s decline in mortgage rates, could be the spark to get potential homebuyers off the sidelines.”
